

Cultivating the Kingdom of God in YOU

A Heart That Receives

Action Plan

Determine any area in your life that is thorny soil. Write down two ways you can “tend” your soil and make it good ground for the Word of God.

List any worries, cares or interests that have crowded out the Word of God in your life. How can you put God’s Word ahead of these concerns?

Write two scriptures that will help you as you seek to cultivate good soil.

Good soil is the beginning of receiving all that God has for you. Don’t let any weeds crowd out your blessing. Put God’s Word first place and reap a harvest!

Send us your testimonies, so we can praise God with you.

Please send them to us by visiting kcm.org/testify.
